- We use only expert level instructors to get the students thinking critically. The instructors show the students how to teach from Day 1. Our experts make your FTOs experts!
- Students practice evaluating live role players so they graduate ready for the real thing.
- They learn specifically how to apply the Standard Evaluation Guidelines (i.e. what number to rate the trainee). They receive examples of good and bad performance reports. They really get to know what to write and what to avoid for liability reasons.
- They receive hands-on practice and personalized feedback after writing several Daily Observation Reports and Remedial Training Plans.
- The students learn how to mentor and counsel a wide variety of trainees in the top 10 situations they will be most likely to encounter.

"This class provided invaluable tools that I have put into play immediately. It's very engaging and gives a new fresh look on the role of the FTO. I would recommend this class to any CSO who plans to train at their department."
