- ✔ They learn specifically how to apply the Standard Evaluation Guidelines (i.e. what number to rate the trainee). They receive examples of good and bad performance reports. They really get to know what to write and what to avoid for liability reasons.

- ✔ The students learn how to mentor and counsel a wide variety of trainees in the top 10 situations they will be most likely to encounter.

"The higher level of teaching the instructors used to train us the students drove home how we can use those same techniques to train recruits. The practical application of observing trainees, and preparing and delivering DORs to a recruit was priceless."
